Estimate.

Spare Copies

The vaddukatta supply channel is in charge of the Revenue Department. The channel is badly silted up with breaches in the banks of the channel and is in a neglected condition. The channel has never before been repaired at Government cost. Silt clearance has to be done by the ryots. Due to the poor seasons in previous years, the ryots are unable to do this work themselves. They are unwilling to contribute any portion of the expenditure. However I would consider that the ayacutdars should bear at least 25% of the cost.

2. In view of the poor seasons I recommend that the expenditure of Rs. 270/- may be sanctioned and the expenditure be ordered to be met from the Minor Irrigation grants during 1939-40 under B.S.O.86(b) sub para 3. The ryots share of contribution of Rs. 67-8-0 may be ordered to be recovered under the provisions of Act I of 1858. The estimate is enclosed for reference and return.

File No. C.391/84, 2 [illegible] from the Collector

S. (sett)

The Collector of Bellary has submitted an estimate for Rs. 270/- for silt clearance and closure of breach in the Vaddekatta supply channel. On the circumstances reported by the Collector the estimate may be submitted to the Govt. for sanction subject to the conditions that the Ryots should bear 25% of the cost of silt clearance and that they should maintain the supply channel in future by Kudumaramak.
